BEVIEW OF THE WILMINGTON MARKET.

FOR THE WEEK ENDING JULY 18TH, 1860. TURPENTINE.-The market for this article ruled quiet at las Wednesday's quotations up to Saturday, when the demand from buyers was somewhat checked under the advices from abroad, and prices gave way 20 a 40 cents on all qualities, closing on that day at \$2 60 for virgin, \$2 40 for yellow dip, and \$1 20 for hard, per 280 lbs. There has since been a moderate demand, and parcels have sold on arrival at above figures. The receipts continue light, owing mainly to the low stage of the water courses, and th sales for the week ended this morning foot up only 3,122 bbls.,

as follows:

This morning virgin sold at \$2 40, and the market closes dull.
Spirits Turpentine.—During the week just ended the market here has ruled exceedingly dull, and prices are I a 1½ cent lower than quoted on Wednesday last. The advices from abroad continue to prove decidedly unfavorable, and prices here have a de-clining tendency—the market closing quiet on Tuesday at 35 TILT MOULDINGS, Ornamented and Plain, Oval cents for straight lots. No sales reported this morning. The

week's sales reach only 1,282 bbls., as follows:

Rosin.-Since our review of Wednesday last the market has ruled exceedingly quiet for all grades, and scarcely anything has been done in the way of sales; we have, however, no change of importance to report as regards prices. The quantity arriving both by river and railroad is light, and there is only a small stock remaining in the hands of receivers. Of fine Pale there is a carcely any on market, and only a limited enquiry exists; one or two small lots have changed hands at \$3 50 a 3 75 per 280 lbs. For Nos. 1 and 2 the market rules inactive, and the sales have been confined to a few small parcels (about 250 bbls.) at \$1 25, 1 50 to Bags. A splendid variety of Valises. Beautiful specimens \$2 for inferior to fair quality No. 1, and \$1 20 per bbl. for No. 2. \$2 for inferior to fair quality No. 1, and \$1 20 per 601. for No. 2. For Common the market has ruled unusually quiet under the advices received, and prices have a declining tendency. After closing our report on Wednesday last a lot of 500 bbls. changed hands at \$1 12½ per 310 lbs., and since then no transactions have been reported. Sellers generally are holding at \$1 12½, but buyers show no disposition to operate unless at lower figures. We quote nominally at \$1 10 to 1 12½ per 310 lbs.

BEEF CATTLE AND SHEEP.—The market is rather poorly sup plied with both descriptions, and prime quality sells readily at fair quotations. For beeves there is a fair demand for butchering purposes, and only two small lots of grass fatted have arrived and sold at 6½ a 6½ cents per lb. Very few Sheep arriving, and we notice a fair enquiry. A few droves would sell readily at \$1 50 to 2 25 each, delivered here. BARRELS. - Several lots of empty Spirits Turpentine barrels stitution in the State. For a Catalogue, apply at the Book have arrived during the past two weeks, and the market is at store of Mr. George H. Kelley, or address the undersigned. present rather better supplied; the larger portion, however, are of inferior quality second hand ones, which are difficult of sale unless at low figures. There is a moderate demand, and we quote

small sales at \$1 80 to 1 85 for selected, and \$1 30 to 1 40 for lots as they run. Small sales also of New York make at \$2 10 for new and second hand; and on Saturday a lot of 100 (extra size,) | 20 July 17. brought \$2 25 each. COTTON. - Market dull and inactive. A lot of 50 bales ordinary to middling sold on Saturday at 101 cents per lb. COFFEE. -In the market for this article we have nothing new to report. Dealers have a moderate supply of nearly all des-criptions on hand, and there is nothing doing except in the retail way. Quotations in table represent store rates, according to quantity and quality.

CORN MEAL.—None arriving from the country, and the stock on market is confined to parcels in the granaries. There is a July

moderate demand from retailers, and we quote at 90 a 95 cents FEATHERS—Arrive sparingly, and there is scarcely any on mar-tet. We quote a fair demand at 40 to 50 cents per bushel. Fish.-Few or none on market except Herring, of which there is a moderate supply in store, and only a retail business doing .-See table for quotations.

FLOUR.—The advices received since our last review from both home and foreign markets have proved rather unfavorable, and as a consequence the market here has ruled quiet, and prices

as a consequence the market here has ruled quiet, and prices have a decilining tendency; as yet, however, we have no important change to report on former quotations. The demand from dealers is quite light at present, as they anticipate lower prices, and are not disposed to purchase to any extent. The sales during the week have been confined to a few lots in barrels at \$7 30 a 7 35 per bbl. for superfine; and 175 sacks at \$3 50 for superfine, and \$3 62½ for family, per bag of 96 lbs. The receipts both by river and railroad have been meagre, and the stock in first han is has become reduced, still it is fully adequate for present wants. See table for quotations of the different grades.

Grano.—The market is moderately supplied with nearly all Guano.—The market is moderately supplied with nearly all descriptions, and rules steady at former rates. We quote from store as follows: No. 1 Peruvian \$60; Reese's Manipulated \$52; American \$40; Sombrero \$35; Superphosphate of Lime \$50, and Land Plaster \$10 per ton of 2,000 lbs.

Grain.—In the Cosn market there has been less activity since the close of our last review, and prices have declined a shade.— There is a heavy supply in store, and under the advices from abroad dealers do not seem disposed to operate to any extent.— The receipts for the week comprise only 9,020 bushels, of which 2,1'.0 do. came to order and have gone into store, 1,900 do. heated sold at auction (on Tuesdav) at prices ranging from 51 to 62½ cents, and the balance sold as follows: 1,150 bushels at 82½ cents, epresent the wholesale price. In filling small orders, high-2,200 do. at 78 cents, and 1,600 do at 73 cents per bushel at latter price for Hyde county. For prime quality, suitable for mealing purposes, there is a fair demand, and higher figures could be easily obtained.——Oats.—The market is very well supplied

at present, and we notice merely a retail business doing. Last sale was at 48 cents per bushel.—Pras —The market is poorly supplied with all descriptions except Cow, of which we notice a moderate quantity in dealers hands; there is, however, a fair emand, and a prime article would sell readily. A lot of 50 bushels Cow was received a few days since, and sold at 85 cts. per bushel.——Rice.—Clean is in rather light stock at present, and we notice a moderate enquiry from retailers. Selling from first hands at 4½ cents per lb. A lot of 30 casks was received on Saturday and stored. HAY .- The stock has been somewhat increased by additional arrivals, and there is a large quantity at present in dealers hands;

Eastern sold at \$1 25 per 100 lbs., 90 days. Last sale of Northern was at \$1 05. Ling.—There is a moderate supply on market, and we notice merely a retail demand. A cargo of 1,400 casks was received on Monday by a dealer, which, together with former receipts, is selling from wharf at \$1, and from store at \$1 10 per cask for

at \$1 35 per cask Molasses.—The market continues to be moderately supplied with Cuba, and there is only a light demand at present. quote former arrivals as sel"ng from first hands at 28 a 30 cents n bbls., and 24 a 26 cents per gallon in hhds-, according to quan-POTATOFS.-The market is rather poorly supplied with Irish, still the demand is limited. We quote from carts at 80 cents to

PROVISIONS.—The arrivals of N. C. cured Bacon have been exceedingly light for several weeks past, and in consequence the stock on market has become nearly worked off. There is a brisk demand for retailing purposes, but in the absence of receipts no transactions have taken place since our last except in the retail way. We quote nominally at 12 a 12½ cents for hog round, and 131 a 14 cents per lb. for hams, and would remark that a prime article would sell readily at our highest quotations. For Western cured the market continues to rule very firm, and, under the advices received, prices have a decided upward tendency. There has existed a fair demand throughout the week, but owing to the light supply the transactions have been confined to small parcels om store at 10 a 10 cents for shoulders, and 12 a 12 cents per lb. for sides—closing steady at highest figures.— LARD.—The receipts of both N. C. and Western make have been small for some weeks, and in consequence the stock on market has become materially reduced, and may be considered rather light; there is, however, not much demand at present, and we quote only small saies of the former at 12½ to 13 cents in bbls, and kegs, and of the latter at 12 a 12½ cents per lb.——Posk.—For Northern there is a moderate demand, and the market is rather poorly supplied Small sales have taken place from store at quotations in table. SALT .-- The arrivals have been exceedingly light for some time past, and the market is poorly supp ied with all descriptions.— For Liverpool ground a fair demand exists, and prices rule high. A lot of 500 sacks was received coastwise on Saturday last, part

of which sold from wharf at \$1 05 per sack, in lots, and the balance put into store. SHINGLES .- None worthy of report have been brought in during the past week, and therefore we have no sales to report. There is a fair demand for shipping purposes, and we quote Common at \$3, and Contract at \$4 50 to \$5 50 per M., as in quality.

TIMBER.—The continued low stage of the river has prevented parcels from reaching market during the past three or four weeks, nd very little if any of former arrivals remain unsold. We quote sales since our last of 15 rafts inferior and ordinary at \$3 50, 4 75, \$5, 5 50 a 6 50 per M., as in quality. For prime quality of shipping there is a fair demand, and fair quotations are readily ob-

FREIGHTS .- We have no change of importance to report as regards ccastwise rates, the market ruling about the same as preiously reported. At present there is not much produce offering shipment, and there are plenty of vessels in port. Quotations in table represent last prices paid.

THE ONLY PREPARATION WORTHY OF

Universal Confidence and Patronage. FOR STATESMEN JUDGES, CLERGYMEN, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20th, 1858.

GENTLEMEN: Your note of the 15th inst , has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it. I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it.
